Agenda item: Review Team Case Study & Look Over Team 1 Prompt **Presenter:** Jonessa

Discussion:

We mainly looked over our work of the Team Case Study doc and saw how each section looked in correlation to the other. We also made sure that everyone hit at least 2 paragraphs in each of their sections and thankfully everyone did very well with their designated section. After making sure we were just about good with our work, we set to finalize the doc and submit it all individually the next day once we confirmed it was truly complete. We discussed shortly about our team project and made sure to read over our prompt to get ideas in our head about how we want to handle the presentation.

Conclusions:

✓ Finish Up Team Case Study	Everyone	4/13/25
✓ Submit Each Doc Individually	Everyone	4/14/25
